# Virtual training shouldn't feel like just another meeting.

Class is the virtual classroom for training and L&D built for better learning. Layered on top of Zoom and Microsoft Teams, we make it easy for facilitators to train, learners to engage, and teams to achieve measurable results, no matter where they are.

**Purpose-built for learning, not meetings.**

[class.com](https://class.com)

# techlearn

## 2025 conference

### BRING THE ENERGY OF NEW ORLEANS TO YOUR LEARNING

In New Orleans, the *ENERGY* is palpable — in its people, its music, its food. You can see it — and *feel* it — in the streets.

The energy of this great city is amplified at TechLearn 2025 by our global participants, wicked-talented speakers, and deeply knowledgeable solution providers.

You will experience a vibrant sense of welcome and knowledge sharing at the always-popular kickoff — the Innovations in Training Test Kitchen — as well as in breakouts, hands-on clinics, Ask Me Anythings, certificate programs, and the Learning Leaders Summit.

Our keynoters' work, rooted in the university world, is very much alive in the wider world where they seek to understand and enhance learning through immersive reality, neurodiversity, and inclusion.

GamiCon NOLA 2025 brings the playful, creative improvisation of jazz to the "how to" of gamifying learning for increased engagement, motivation, and retention.

You'll feel the spirit of New Orleans in the TechLearn 2025 opening and closing events, as well as in the city itself at the Monday Dine Arouds and the Tuesday New Orleans Experiences.

We invite you to dig into your own creative energy ... feed it with new ideas and skills from our sessions ... mix it with a few helpings of New Orleans ... and return home with a broader imagination, fresh connections, and inspiration to think and do in new ways!

Cheers,  
**Steve Dahlberg**  
Conference Director  
Training Magazine

### TABLE OF CONTENTS

|                                               |       |
|-----------------------------------------------|-------|
| Need-to-Know Info .....                       | 4     |
| Keynotes + Networking Events .....            | 5     |
| Dine Arouds Networking + Prize Drawing! ..... | 6     |
| Innovations in Training Test Kitchen .....    | 7-9   |
| Schedule.....                                 | 10-16 |
| Session Rooms Map + Registration Hours.....   | 19    |

### PRE-CONFERENCE EVENTS

#### SATURDAY, OCTOBER 4

6:00 pm – 8:00 pm GamiCon NOLA Kickoff (off-site)\*

#### SUNDAY, OCTOBER 5

9:00 am – 4:00 pm Certificate Programs\*

9:00 am – 8:30 pm GamiCon NOLA\*

#### MONDAY, OCTOBER 6

8:30 am – 3:45 pm Learning Leaders Summit\*

9:00 am – 4:00 pm Certificate Programs\*

9:00 am – 4:00 pm Gamicon NOLA\*

### TECHLEARN 2025 CONFERENCE

#### MONDAY, OCTOBER 6

3:00 pm – 4:15 pm Opening Networking Event:  
Empowering Collaboration

4:30 pm – 6:30 pm **Conference Kickoff:**  
Innovations in Training  
Test Kitchen & Reception

6:45 pm – 8:45 pm Networking Dinner Event:  
Dine Arouds

#### TUESDAY, OCTOBER 7

8:30 am – 9:30 am Breakout Sessions (100 series)

9:45 am – 11:00 am **Keynote:** Jason Arday

11:15 am – 12:15 pm Breakout Sessions (200 series)

12:15 pm – 1:15 pm Lunch

1:30 pm – 2:30 pm Breakout Sessions (300 series)

2:45 pm – 5:00 pm Hands-on Clinics (C01-C08)

#### New Orleans Experiences (optional):

6:00 pm – 9:00 pm Riverboat Dinner/Jazz\*

6:30 pm – 9:15 pm Craft Cocktails/French Quarter\*

6:45 pm – 9:00 pm Ghost and Spirits/French  
Quarter\*

#### WEDNESDAY, OCTOBER 8

8:30 am – 9:30 am Breakout Sessions (400 series)

9:45 am – 10:45 am **Keynote:** Eileen McGivney

11:00 am – 12:00 pm Breakout Sessions (500 series)

12:00 pm – 1:00 pm Lunch

1:15 pm – 2:15 pm Breakout Sessions (600 series)

2:30 pm – 3:30 pm Breakout Sessions (700 series)

3:45 pm – 4:45 pm Lagniappe: Closing Event With  
Honey Island Swamp Band

\*Additional fee

## NEED-TO-KNOW INFO

### APP FOR TECHLEARN 2025

Download the App and make the most of your TechLearn 2025 experience! Scan the QR code or search for **Training Mag Events** in your app store. Once in the app, log into My Account (the person icon) with your registration email to:

- Save sessions and view handouts.
- Receive important TechLearn 2025 notifications.
- Message with, and save notes about, attendees you've met!

### BADGES

All attendees must be registered. Badges must always be worn for access to TechLearn sessions, pre-conference events, lunches, breaks.

### BEVERAGE BREAKS

Coffee, sodas, and tea will be served during breaks. **Sponsored by Panopto.**

### CASH/CREDIT CARDS

While cash is *always* great for tipping, the Hilton Riverside is a **cashless hotel**. Please use a credit card or digital payment method.

### CHATBOT

Use the TechLearn 2025 Chatbot, powered by Mobile Coach, to get information about the conference. Just ask our friendly bot about sessions, speakers, special events, logistics, or more. Access the TechLearn 2025 Chatbot via the App or TechLearnConference.com. The bot can also send reminders and answer questions about the conference via SMS. To enable that, just text **Hi** to 949-832-6552, and then text your questions!

### HANDOUTS AND PRESENTATIONS

Speaker presentations, handouts, and resources are available in the app and online at [bit.ly/tlc25handouts](https://bit.ly/tlc25handouts) (case sensitive).

### LOST AND FOUND

Do not leave valuables unattended. Lost and found is at the TechLearn Registration Desk, with unclaimed items given to the Hilton front desk each day when registration closes.

### LUGGAGE STORAGE

Luggage storage is available at the Hilton Riverside bell stand from 7 am to 11 pm or via the front desk after hours (second floor).

### LUNCHES

Lunch is provided Sunday and Monday for Certificate Program and GamiCon attendees. Lunch is provided on Tuesday and Wednesday for TechLearn Conference attendees. **Sponsored by Class and D2L.**

### NEW ORLEANS EXPERIENCES

Pre-registration was required for the Tuesday evening New Orleans Experiences (if you pre-registered, you will have received info via email). Visit the TechLearn Registration Desk for questions or to inquire about last-minute availability.

### PRIZE DRAWINGS

Our Premier Sponsors are hosting three prize drawings! Drop your ticket (included with your conference badge) at these sponsors' Test Kitchen demo table on Monday or at their Sponsor Meet & Greet tables (District Foyer) by 8:30 am on Wednesday. Winners will be announced at Wednesday's keynote.

\$500 Visa Gift Card

AirPods Pro

Panopto

iPad

### SESSION DESCRIPTIONS

Visit the Agenda in the App or at [TechLearnConference.com](https://TechLearnConference.com) to see session descriptions and speaker profiles.

### SESSION EVALUATIONS

Please complete the paper evaluations in each session. You will receive an online survey after TechLearn for general feedback.

### SESSION SEATING

Seating is on a first-come, first served basis.

### TRAINING MAGAZINE CONFERENCES

Join us for the **Training 2026 Conference & Expo**, February 23-25 in Orlando ... and again at the **TechLearn 2026 Conference**, September 15-17 in Austin!

### WATER

Refill your water bottles at stations in session rooms or foyers.

### WIFI

Hilton Meetings / PW: [techlearn25](https://techlearn25.com)

## TECHLEARN 2025 SPONSORS AND PARTNERS ... WITH GRATITUDE

## TECHLEARN 2025 KEYNOTES

TUESDAY, OCTOBER 7 | 9:45 AM – 11:00 AM

### All Together Now: The Impact of Technology on Learning and Neurodivergence

Jason Arday's path to becoming one of the youngest academics ever appointed to a full professorship at the University of Cambridge began with a childhood diagnosis of global development delay and autism spectrum disorder. He didn't speak until age 11 and didn't read or write until age 18. Now, he serves as Professorial Chair in the Sociology of Education at Cambridge. So he knows a little something about neurodivergence and learning. Jason will weave his own story with best practices and research about the importance of technology and learning on neurodivergence and how this transpires along the lifelong learning continuum. Explore the continuing impact of this phenomena on training interventions and the need for continuous improvement and adaptations to support and develop more inclusive learning environments for neurodivergent people.

WEDNESDAY, OCTOBER 8 | 9:45 AM – 10:45 AM

### Beyond the Wow Factor: Designing Meaningful Immersive Learning Experiences

Virtual reality has emerged as a powerful tool for learning and training, but its effectiveness lies far beyond the “wow factor” of novel technology. Eileen McGivney, head of Northeastern University's XR Education Design Lab, will share how well-designed immersive environments create unique opportunities for learners to experience heightened agency, engagement, and motivation — key components for meaningful learning. With insights from multiple studies with diverse populations, discover how different design decisions in VR impact learning in immersive environments. Gain practical considerations for implementing VR in your learning programs to transform passive information consumption into active, self-directed exploration. Leave with evidence-based design principles to guide integration of immersive technologies, whether using high-end interactive environments or more accessible immersive video experiences.

**BONUS:** Experience Eileen's VR work in the Innovations in Training Test Kitchen and in an Ask Me Anything Station!

## OPENING AND CLOSING NETWORKING EVENTS

MONDAY, OCTOBER 6 | 3:00 PM – 4:15 PM

### Opening Networking Event: Empowering Collaboration

When you come to *Training* magazine conferences, we hope you foster lasting connections with new L&D peers, as well as with longtime colleagues. At TechLearn 2025, kick-start the networking process — *before* the conference even officially begins — at a special Empowering Collaboration event, led by master facilitator Danielle Watkins!

Join this interactive session, designed to transform networking within our industry. We will apply a structured Ask/Give format to foster meaningful exchanges and build a supportive professional community, using a give-and-take networking model that you can apply in your own organization, as well!

WEDNESDAY, OCTOBER 8 | 3:45 PM – 4:45 PM

### Closing Networking Event: Lagniappe With The Honey Island Swap Trio

TechLearn 2025 closes with lagniappe, or “a little extra,” with New Orleans music, a reception, beverages, snacks, and reflection!

Experience **The Honey Island Swamp Trio**, which formed in 2005 in San Francisco after their displacement from New Orleans via Katrina — and subsequently relocated back home, where they've evolved to embody contemporary roots music.

Come, make new connections, say “goodbye” to colleagues, and relax before your return home!

MONDAY, OCTOBER 6 | 6:45 PM – 8:45 PM

### Networking Dinner Event: **Dine Arouds**

Want to join a curated mixer ... with great socializing ... in a small group ... that attendees often say is one of their conference highlights? Attend a fun Dine Around event, facilitated by industry experts. This is your chance to share intimate and meaningful conversations with people who do what you do. We've reserved the restaurants and invited the facilitators.

Meet at 6:45 pm in the Hilton Riverside third-floor Breezeway. If you didn't register in advance, check in at 6:45 pm as new spots may have opened up. Note: This a pay-on-your-own event.

### *It might be your lucky day ...*

The TechLearn 2025 Premier Sponsors are hosting three prize drawings! Drawing tickets are included with your conference badge. Drop your ticket at these sponsors' Test Kitchen demo table on Monday or at their Sponsor Meet & Greet tables in the District Foyer by 8:30 am Wednesday. Winners will be announced at the Wednesday keynote.

## innovations in training Test Kitchen

MONDAY  
OCTOBER 6  
4:30 PM – 6:30 PM

Join us for the TechLearn 2025 kickoff and reception — including drinks, snacks, an official welcome, and the ever-popular Innovations in Training Test Kitchen!

Immerse yourself in hands-on experiences, where cutting-edge learning technologies and design techniques become your new learning design “ingredients”! Craft unique “recipes” by combining these ingredients to create transformative learning solutions. Rotate through various demo stations every 15 minutes, gathering invaluable insights and tips along the way. You’ll experience at least five demos!

Your guides for this interactive learning event are “top chefs” **Shereene Harford Twum-Barimah** and **Artrell Williams**, who regularly push the boundaries of learning technologies and design approaches to create optimal learning experiences for adult learners.

Expand your knowledge, network with industry pioneers, and unlock the “secret sauce” for success in the ever-evolving landscape of L&D!

### 01 Leveraging Virtual Reality for Communication Training | Eileen McGivney, Head, Northeastern University's XR Education Design Lab

Learn how immersion and interactivity in VR can help improve learners' communication and interpersonal skills by allowing unlimited practice. See the Virtual AI Patient Simulator (VR for health profession students to practice communication skills, with applicability to other industries).

### 02 Reimagining Virtual Instructor-Led Training With Class | Gerald Glynn, Account Executive, and Christine Hanks, Account Executive, Class

Discover how Class transforms virtual classrooms into powerful environments for learning and development and helps L&D teams reduce friction, scale training, and drive measurable outcomes — all within the tools learners already know, like Zoom and Microsoft Teams.

### 07 Rapid Design, Real Results: The AI Course Creation Lab | Haley Ferguson, Senior Account Executive, D2L Corporation

Roll up your sleeves and experience the power of AI-assisted instructional design. Discover real-time course creation using Brightspace tools — and see how you can save hours of development time and deliver more engaging learning experiences at scale.

### 41 Unlocking Access to Knowledge for All Learners | Rajdeep Chokar, Account Executive, Enterprise, Panopto

Today's challenge isn't capturing information — it's helping learners find and use the right moments when they matter most. Learn the importance of AI-search powering your video learning and how to surface the most impactful learning moments to open new doorways to understanding.

### 03 Pallet Stax: A Small-Scale Simulation Solution to a Big Training Problem | Jeff Weaver, Learning Design Expert

How do you teach new hires to do fast, heavy, dangerous work in a safe way? Miniaturize it! Pallet Stax is an innovative solution to an old-school problem. Come see how new technology created a deceptively simple solution that's making a big impact on warehouse training.

### 04 Using AI Simulations to Go From Learning a Skill to Actually Using It | Stephan Wiedner, Cofounder, Skillsetter

See how Skillsetter uses AI simulation to prepare learners to handle complex and challenging conversations. It's not enough to know how to “give feedback”, “handle conflict”, or “work well with others” — your staff needs to practice the critical skills in a simulated, safe environment.

### 05 Start the Podcast! A Low-Cost and Personalized Way to Deliver Training | Betty Dannewitz, Learning Solutions Architect, ifyouaskbetty

Thinking about starting a podcast — personal or for your organization? Wondering how to get started? Stop by to talk about podcasting and how it can bring a low-cost, dynamic modality to your learning solutions!

### 06 Unleashing Creativity: Apps to Brainstorm, Design, and Collaborate | Nick Floro, Learning Architect, Sealworks Interactive Studios

Discover 25+ powerful apps and tools to brainstorm, collaborate, and create — transforming your workflow with cutting-edge technology, practical strategies, and hands-on examples you can apply immediately.

### 08 Enhancing Corporate Training With Augmented Reality | Destery Hildenbrand, Learning Technology Consultant, Destery1Kenobi

Explore how augmented reality (AR) can upgrade your corporate training by enhancing engagement, improving retention, and providing hands-on learning experiences through accessible, no-code development tools and real-world case studies.

### 09 Leveraging Canva for Articulate Rise and Storyline to Enhance Elearning Design | Danielle Watkins, Instructional Designer, Zenith Performance Solutions

Explore how Canva's versatile design tools can be used to create custom graphics, interactive elements, and dynamic content tailored to elevate your elearning courses.

### 10 Hidden Zoom — Unleashed! | Kassy LaBorie, Principal Consultant, Kassy LaBorie Consulting

You've been using Zoom ... but not like this. Discover powerful, often-overlooked features that can transform your virtual sessions. It's time to unleash the tools hiding in plain sight and level up your Zoom game!

### 11 Unlocking Custom Learning Experiences Using AI: No Coding Required | Jeff Batt, Founder, Learning Dojo

Learn to build custom learning experiences without any code.

### 12 5 Design Tips for Killer Microlearning | Carla Torgerson, Solution Architect, SweetRush

In just 10 minutes, walk away with 5 design tips (and other ideas!) to make your microlearning rock — brought to life with real examples that will spark your imagination!

### 13 Breaking the Barriers Card Game | Amy Morrissey, President, Artisan Learning

Designing accessible learning is about identifying and breaking down real barriers. In this interactive card game demo, work from the perspectives of diverse learners to uncover obstacles, brainstorm solutions, and tackle accessibility challenges. Experience how small design changes can make a big impact on inclusion.

### 14 Creating Interactive Next-Generation Training, Powered by AI | Lars-Petter Kjos, Chief Product Officer, We Are Learning

See how the next-generation course authoring tool, We Are, empowers instructional designers and trainers to create interactive training that sticks. Easily use AI, rich 3D animations, and branching scenarios to move beyond slides and static videos — making learning more engaging.

## 15 Photoshop Gets Smart With GenAI | Pooja Jaisingh, Associate Vice President of Digital Learning, Icertis

In this fast and fun demo, see how Photoshop's Generative AI features can turn simple prompts into stunning visuals. Whether you're swapping backgrounds, filling gaps, or creating something totally new, these tools will blow your mind and speed up your workflow.

## 16 Bottle Lightning: Transform Your Experts Into Scalable Expertise in 12 Minutes | Sharyn Outtrim, CMO, Praxis AI

We'll transform an educator's expertise into a live Digital Expert that amplifies their teaching genius — extending their reach to guide unlimited students 24/7 in 100+ languages on any platform. See how we multiply one teacher's mentorship impact while securing their IP in a patent-pending Vault. Receive an invite to create your own digital expert!

## 17 From Prompt to Practice in 5 Minutes: Scaling Behavioral Simulations With AI | Tamara Kocharova, CEO, Lanes

Explore how a single learning objective can be transformed into a complete behavioral simulation in just five minutes — including persona generation, scenario design, skill focus, and feedback metrics. Launch realistic, role-specific simulations and reduce time-to-launch from weeks to minutes.

## 18 Designing Measurements for Actionable Insights | Robyn Defelice, Consultant, RADLearning

Experience how to transform ineffective survey questions into powerful measurement tools by analyzing problematic examples, redesigning them for clarity and purpose, and leaving with practical techniques so your training evaluations produce meaningful data that drives real decisions.

## 19 From Vision to Reality: Crafting Immersive VR Training | Debbie Richards, President, Creative Interactive Ideas

Gain a practical, step-by-step guide to developing impactful VR training, covering everything from storyboarding and instructional design to implementation and optimization, enabling you to create engaging and effective immersive learning experiences.

## 20 AI Agents for Creating Custom Elearning Content | Ethan Webb, CEO, Mindsmith

Discover how Mindsmith's new AI agent can be used to create custom elearning content — better, faster, and at scale. Also, learn about dynamic SCORM, an auto-updating SCORM file that gives you dynamic flexibility you'd expect from a modern tool within the infrastructure of SCORM.

## 21 Streamline Learning Design Using AI | Ann Rollins, Chief Solutions Architect, Blanchard

Learn how Blanchard's design team uses ChatGPT to trim timelines and streamline the approach to traditional custom learning design. Leave with new tips and tricks to help find efficiencies in your work back on the job!

## 22 Improving Scenario-Based Learning With AI Characters | Matthew Tang, Principal Consultant, Tang Technology Solutions

Scenario-based learning is powerful but requires extensive scripting, complex branching logic, and a significant development time. Explore how AI-powered chatbots can transform scenario-based learning by enabling dynamic, real-time conversations that enhance realism.

## 23 Off-The-Shelf Experiential Learning Powered by AI + XR | Will Garner, President, Tipping Point Media

See how AI + XR-powered experiential learning is revolutionizing life science and STEM education, and how you can apply these approaches to your industry, too. Check out TPM's customizable toolbox of six immersive solutions that drive deeper understanding, stronger retention, and measurable return on learning investment.

## 24 4 Simple Steps for Creating Immersive Learning Simulations in Minutes | Mitch Johnson, Vice President of Sales, ETU

Experience ETUCreate, the breakthrough AI-powered simulation authoring tool launching this fall. We'll build a complete immersive learning simulation from scratch in real-time. Explore how you can author engaging simulations fast and scale personalized training across the organization.

## 25 Spicing Up Your Articulate Rise 360 Courses | Brooke Schepker, Chief Design Officer, Yukon Learning

Like cooks in a kitchen, you have to play with what you have when it comes to course design. A splash of color here, a touch of iconography, and dividers there. At this table, get quick tips you can use to instantly spice up your courses in Articulate 360 so they stand out against the baker's dozen.

## 26 Using and Creating Copilot Agents for Training Purposes | Kevin Hopkins, Senior Training Specialist, Next Level Solutions

Generative AI is on everyone's mind, but few know how to harness its power specifically for training. Learn how to create Copilot Agents to enhance engagement in assessment activities for elearning and in-person training — with examples!

## 27 Skip the Code, Simulate the Clicks: Realistic Software Training With Figma | Joe Delgadillo, Senior Learning Experience Designer, and Elizabeth Grant, Senior Manager of Learning & Development, Join Parachute

Discover how to use Figma to create realistic, interactive demos that simulate software, helping learners practice hands-on skills in a safe, scalable way.

## 28 Escape Rooms for Learning and Development: Start With Purpose | Laura Geringer, Learning Designer, PumpkinBerry Consulting; Madeline Shellgren, Learning Experience Designer, Online Learning Consortium

In this playful demo, explore how designing with a clear purpose is key to creating engaging escape experiences that deliver concrete learning outcomes. Get a 5-step development process for escape room design, developed for everyone.

## 29 Build Your AI Coach — Right Now! | Garima Gupta, CEO, Artha Learning

Imagine providing an AI coach to people as they go through your training. Now stop imagining and start building. Come with your ideas, and build your coach with a unique personality and custom knowledge you need! One lucky person every round gets free, one-month AI Coach access!

## 30 Free Video Creation and Collaboration | Matt Pierce, Learning & Video Ambassador, TechSmith

Ever need to get a subject matter expert or team member to share information? Want to create a quick video with a camera and screen, without a hassle? Meet the new Camtasia feature that does this, works with Camtasia desktop, and gives more options and video editing power.

## 31 Top Three Tips to Create Engaging Training in Microsoft Teams | Cindy Huggett, CEO, Cindy Huggett Consulting

Discover three creative ways to use the robust toolset available in Microsoft Teams for engaging virtual classes.

## 32 Discover 3 Tech Solutions for High-Impact Engagement | Rusty Shields, Owner and Chief Performance Consultant, Develify Consulting

Dive deep into engagement and discover where cutting-edge innovations meet practical applications. See transformative technologies that redefine how we connect, communicate, and captivate audiences across platforms.

## 33 Build AI Role Plays Fast and Easy | Kali Sarim, Vice President of CX, SymTrain

Discover how to build AI role plays quickly by using existing content. If you ever thought, "I wish we could find a cost-efficient and time-efficient way to create and deploy role play and coaching exercises at scale across our entire customer-facing CX organization" — you can!

## 34 ABCs: AI, Blockchain, and Cybersecurity | David Metcalf, Director of Mixed Emerging Technology Integration Lab, UCF's Institute for Simulation and Training

Discover the latest ABCs — AI, Blockchain, and Cybersecurity and their cross-industry impacts. See practical examples and get guidance on jump-starting these new technologies in your organization.

## 35 Applying the Three Social Motives to Keep Your Team Motivated | Phil Cowcill, Senior Elearning Specialist, PJ Rules

Are you in the right role — or just making it work? Discover something that could reshape the way you work. Dr. David McClelland's Three Social Motives explain why some roles energize us. Pull up a chair — and let's figure out what truly motivates you and your team.

## 36 Building Better PowerPoint Slides: Built by AI, Delivered by Me | Chuck Sigmund, Senior Consultant, Technology for Social Impact, Microsoft

Watch as Microsoft Copilot annihilates one of the most soul-sucking tasks in business — building a PowerPoint deck. See it turn plain content into a slick, on-brand presentation — without touching a layout, font, or bullet. Your slide decks will never be the same. This is your new superpower.

## 37 Create Impactful VR Training Content in Hours — No-Coding Required | Ben Bauert, CEO, Facilitate

Create realistic, high-stakes VR training in just hours with our no-code platform — perfect for hazardous, costly, or hard-to-replicate scenarios. Build immersive 360° environments, detailed 3D simulations, and micro-simulations to prepare teams for complex procedures.

## 38 Practical Techniques for Mitigating Bias in AI-Driven Learning Content | Tristin Sylvester, Lead Instructional Designer, Inventio Learning Designs

AI tools are powerful — but they aren't neutral. Explore practical techniques to identify and reduce bias in AI-generated learning content and leave with actionable tips to create more inclusive, equitable training.

## 39 Learning Agents in Action: AIQ | Sheri Winter, Senior Director, GP Strategies

Imagine having a team of expert instructional designers on call. AIQ's agents, powered by GP know-how, guide you through every step — ideation, design, and delivery. See high-demand use cases created before your very eyes!

## 40 Fast, Secure, and Yours: Using AI Voice to Create Your Learning Content | Kimberly Givan, Account Executive, WellSaid

When you need to create engaging learning content fast, security should never be a trade-off. Discover how WellSaid delivers high-quality voiceovers in minutes, ensuring your data is protected with SOC 2 compliance, GDPR readiness, dual-layer moderation, and closed-source models — ensuring your content remains yours and secure.

*Capture the best new learning tech and design ingredients from the demos you visit — and get cookin' with your next development project!*

## SATURDAY – MONDAY, OCTOBER 4 – 6 • ROOM

### GAMICON NOLA 2025 (additional fee)

#### 6:00 PM – 8:00 PM SATURDAY

GamiCon 2025 Opening Meet & Greet • Off-site

Meet at Emporium Arcade Bar:  
2231 St. Claude Avenue, New Orleans, LA 70117

#### 9:00 AM – 5:00 PM SUNDAY • Jefferson

#### 6:30 PM – 8:30 PM SUNDAY

GamiCon 2025: NOLA Experience / Trumpet Mafia • Off-site

#### 9:00 AM – 4:00 PM MONDAY • Jefferson

## SUNDAY – MONDAY, OCTOBER 5 – 6 • ROOM

### 2-DAY CERTIFICATE PROGRAMS (additional fee)

#### 8:00 AM – 9:00 AM MORNING BEVERAGES

#### 9:00 AM – 4:00 PM

P02 **Articulate Storyline 360 Certificate Program,**  
Ron Price, Chief Learning Officer, Yukon Learning • Camp

P03 **AI at Work Certificate Program,** Josh Cavalier, CEO,  
JoshCavalier.ai • Jackson

## MONDAY, OCTOBER 6

### LEARNING LEADERS SUMMIT (additional fee)

#### 8:30 AM – 3:45 PM

Meet in the Hilton Riverside first-floor lobby near the side entrance, just past the gift shop, where the shuttle will load at 8:00 am to depart at 8:15 am. Summit location (off-site): Café Reconcile, 1631 Oretha Castle Haley Blvd, New Orleans, LA 70113

## MONDAY, OCTOBER 6 • ROOM

### TECHLEARN 2025 CONFERENCE KICKOFF

#### 3:00 PM – 4:15 PM

**OPENING NETWORKING EVENT:** • St. James  
**Empowering Collaboration,** Danielle Watkins,  
Instructional Designer, Zenith Performance Solutions

#### 4:30 PM – 6:30 PM

**CONFERENCE KICKOFF AND RECEPTION:** • St. Charles  
**Innovations in Training Test Kitchen,** Shereene Harford Twum-Barimah, Educational Technology Specialist, St. George's University;  
Artrell Williams, Founder, Mukeva Learning Partners; and 40+ "Chefs"

#### 6:45 PM – 8:45 PM

**NETWORKING DINNER EVENT:** • Hilton 3rd Floor  
**Dine Arouds** Breezeway

Meet your group at 6:45 pm in the Breezeway (see page 6 for details).

## Featured Breakout Series, Including Ask Me Anything 'Sessions'

### FEATURED BREAKOUT SERIES: L&D IN THE FIELD, ON THE FLOOR, AND ON THE FRONT LINE

Do your learners work in places like ships, cranes, underground, or hotels? Do they work wearing goggles, non-slip footwear, or safety vests? If your learners don't sit behind a desk or work in an office, how do you ensure they can complete all required learning, receive organizational directives, and feel part of the culture? How do you engage with subject-matter experts who do their work on the front line or on the floor? Discover how organizations develop and deliver training for employees who work in these settings. Attend ... and enter drawing to win Beats Solo headphones, too! *Series hosted by Jeff Weaver*

and sponsored by

**F** Sessions: 101, 201, 301, 501, 601

### FEATURED BREAKOUT SERIES: ASK ME ANYTHING!

Ever wish you could pull up a chair and get straight answers from L&D experts? The AMA Stations give you that chance! Connect with specialists ready to tackle your toughest questions about these topics and more:

- AI in L&D
- Learning Development Tools
- Podcasting
- Gamification
- Mixed Reality
- Accessibility

This is your opportunity to get real-time advice, practical tips, and fresh ideas. Bring your questions, leave with solutions you can apply immediately — Tuesday and Wednesday sessions in the District Foyer!

**A** Sessions (all take place in the District Foyer):  
AMA01, AMA02, AMA03, AMA04, AMA05, AMA06

### FEATURED BREAKOUT SERIES: GAMIFICATION OF LEARNING

Extend your GamiCon NOLA experience (or get a taste of what you missed!) in this series focused on gamification and game-based learning. Level up your learning design skills while discovering new strategies and tools for increasing learner engagement and motivation. *Series hosted by*

**G** Sessions: 102, 202, 302, C02,  
502, 602

*Session rooms are noted in this section in blue with bullet point and room name. Session room map is on page 19.*

*Conference speakers, topics and/or times subject to change; see the latest Agenda in the App or at [TechLearnConference.com](https://TechLearnConference.com).*

## TUESDAY, OCTOBER 7

## • ROOM

### TECHLEARN 2025 CONFERENCE

#### 7:30 AM – 8:30 AM MORNING BEVERAGES

Sponsored by  Panopto

#### 7:30 AM – 8:00 AM

**Coffee & VR: Frontline Learning Innovators Meetup** • **Fulton**  
Ben Bauert, CEO, Facilitate; Debbie Richards, President, Creative Interactive Ideas

#### 8:30 AM – 9:30 AM BREAKOUT SESSIONS

##### AMA01 **(A) Ask Me Anything About ...** • **The District Foyer**

- **AI:** AI and Transforming Learning & Development — Josh Cavalier, CEO, JoshCavalier.ai
  - **AI:** AI, Ethics, and Inclusion — Tristin Sylvester, Lead Instructional Designer, Inventio Learning Designs
  - **LDT:** Elearning Design — Brooke Schepker, Chief Design Officer, Yukon Learning
  - **LDT:** Creating Engaging Elearning Content (Using AI or Not) — Lars-Petter W. Kjos, Chief Product Officer, We Are Learning
  - **GAM:** Ask Me Anything About Gamification and Technology Tools — Shawna Stushnoff, Senior Instructional Designer, New Mexico State University; Josh Yavelberg, Chief Solutions Architect, Flying Cloud Solutions
  - **MR:** Mixed Reality, Simulations, and Hands-on Learning (Including in the Life Sciences and Higher Ed Space) — Destery Hildenbrand, Learning Technology Consultant, Destery1Kenobi; Will Garner, President & Chief Creative Officer, Tipping Point Media
  - **ACC:** Accessibility and Being an Ally — Amy Morrisey, President, Artisan Learning
- 101 **(F) Orientation and Onboarding for Front-Line Learners**, Timothy Frost, Supervisor of Epic Digital Learning, Orlando Health; Elethia Gay, Lead Trainer/L&D, Stanley Black and Decker; Jeff Weaver, Learning Design Expert • **Fulton**
- 102 **(G) Gamification Triforce: Users, Metrics, and Mechanics for Successful Implementation**, Bret Wardle, Product Manager/Designer, Bit Puppy Media • **Jefferson**
- 103 **Our 5 Favorite Animation and Motion Effects in Storyline 360**, Ron Price, Chief Learning Officer, Yukon Learning • **Camp**
- 104 **From Idea to Impact: 87 Execution Hacks for Digital and AI Projects**, Christian Gossan, Director, Sharpen Advisory • **Jackson**
- 105 **Building Personas as a Foundation of Learning Experience Design**, Britney Cole, VP, Head of Innovation Lab, and Ann Rollins, Chief Solutions Architect, Blanchard • **Canal**
- 106 **Unleash the Power of AI Agents**, Chuck Sigmund, Senior Consultant, Technology for Social Impact, Microsoft • **Magazine**
- 107 **The Strategic Learning Architect: Shaping the Future of L&D**, Debbie Richards, President, Creative Interactive Ideas • **Royal**
- 108 **ABC for Learning Professionals: AI, Blockchain, and Cybersecurity for Your Back-End Infrastructure**, David Metcalf, Director of Mixed Emerging Technology Integration Lab, UCF's Institute for Simulation and Training • **Commerce**

#### 9:30 AM – 9:45 AM BEVERAGE BREAK

#### 9:45 AM – 11:00 AM

**KEYNOTE: All Together Now: The Impact of Technology on Learning and Neurodivergence** • **St. Charles**  
Jason Arday, Professorial Chair in the Sociology of Education, University of Cambridge

#### 11:15 AM – 12:15 PM BREAKOUT SESSIONS

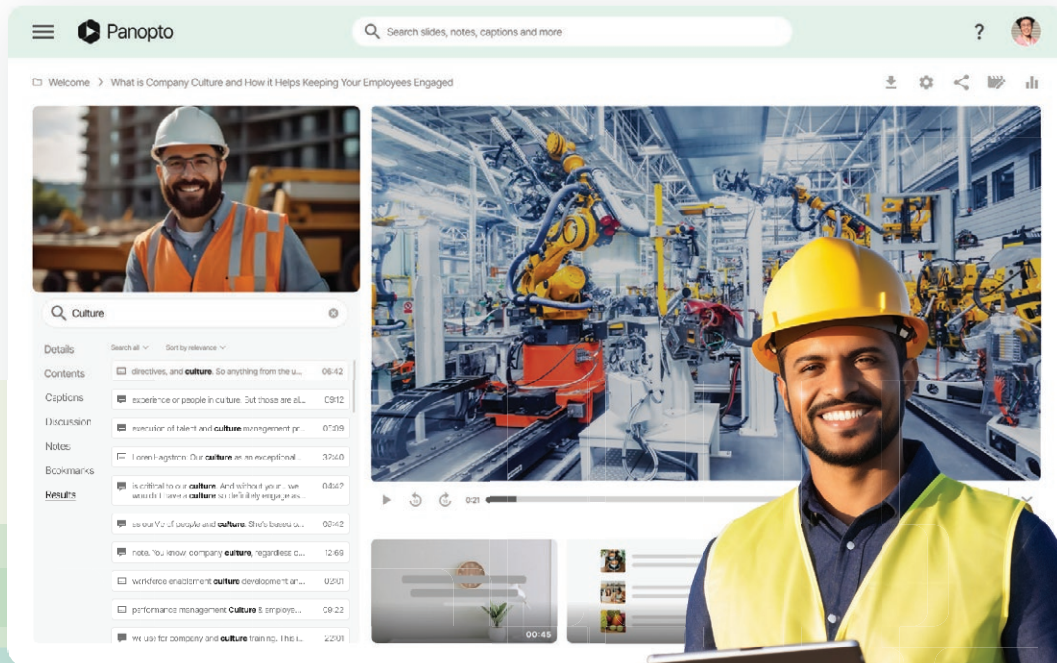

##### AMA02 **(A) Ask Me Anything About ...** • **The District Foyer**

- **AI:** AI's Impact on Workforce Skills of the Future — Karie Willyerd, Head of Strategic Engagement, GP Strategies
  - **AI:** AI Implementation Canvas and W.I.S.E. A.T. A.I. — Megan Torrance, CEO, TorranceLearning
  - **LDT:** Learning Tools, Best Development Practices and All Things Media Related — Phil Cowcill, Senior Elearning Specialist, PJ Rules
  - **LDT:** Authoring Tools and AI — Ethan Webb, CEO, Mindsmith
  - **GAM:** Gamification and Learner Motivation — Jonathan Peters, Chief Motivation Officer, Sententia Gamification; David Kolmer, Instructional Designer, Improvement Dave
  - **MR:** Learning With Virtual Reality — Eileen McGivney, Assistant Professor, Northeastern University
  - **ACC:** Accessibility in Virtual Meetings and Trainings — Cindy Huggett, CEO, Cindy Huggett Consulting
- 201 **(F) Mixed-Reality Solutions for Front-Line Learning**, Ben Bauert, CEO, Facilitate; Jeff Weaver, Learning Design Expert • **Fulton**
- 202 **(G) Get a Clue and Gamify Your Onboarding: Keeping Remote New Hires Engaged**, Jazmin Webster, Workforce Development Program Manager, CivicaRx • **Jefferson**
- 203 **The Adaptive Learning Lab: A Hands-on Adventure in Tailored Learning**, Anne Coudrette, Global Audit & Assurance Learning Research and Innovation Lead, and Kristine Obritsch, Global Audit & Assurance Learning Modernization Leader, Deloitte • **Canal**
- 204 **Turning What SMEs Know Into What Learners Need**, Amy Morrisey, President, Artisan Learning • **Commerce**
- 205 **Make It Stop! Avoiding Cognitive Overload for Impactful Learning Experiences**, Jean Marrapodi, Chief Learning Architect, Applestar Productions • **Magazine**
- 206 **Connection, Belonging, and Engagement in Virtual Training**, Kassy LaBorie, Principal Consultant, Kassy LaBorie Consulting • **Camp**
- 207 **The Future of Learning and Education in Healthcare**, Geoffrey Roche, Senior Vice President of Healthcare Solutions, Risepoint; Vince Jeong, CEO, Sparkwise • **Royal**
- 208 **From Prompts to AI Agents: The Ultimate L&D Playbook**, Josh Cavalier, CEO, JoshCavalier.ai • **Jackson**

# training live+online

## Online Certificate Courses

[TrainingLiveandOnline.com](https://TrainingLiveandOnline.com)

### Fast-Forward Your Career!

Participate in these live, interactive, and collaborative Webcasts designed and delivered by the best in the training industry. You'll earn a signed digital certificate of completion and an eBadge.

**Save \$150** when you register 30 days in advance of a course.

#### ■ Articulate Storyline Fundamentals

Learn the fundamentals and easy-to-use features of Articulate Storyline to create effective and appealing elearning that saves your organization time and money.

**A series of 4 online sessions**

**Starts October 14, 2025**

#### ■ Articulate Storyline: Next Level 1

This course expands your knowledge with hands-on practice to build more advanced interactions including Conditional Triggers, Master Slide Layers, and more.

**A series of 4 online sessions**

**Starts October 28, 2025**

#### ■ Articulate Storyline: Next Level 2

This course builds on intermediate skills. Explore logical thinking around exploratory navigation, scenario development models, calculator-type interactions, and gamification scoring.

**A series of 4 online sessions**

**Starts December 2, 2025**

#### ■ **NEW!** Classroom Training Techniques: Implementing a Systematic Learning Process

This course will develop your classroom-based facilitation skills using your own lesson. The four sessions cover the fundamentals of learning; incorporating VIVE (variety, interaction, visuals and examples); setting up learners for success and managing group dynamics; and a practical lesson teach back.

**A series of 4 online sessions**

**Starts October 28, 2025**

#### ■ Instructional Design: Performance-Based and Results-Focused

This interactive course uses real world examples to explore each phase of the instructional design process: analysis, design, development, implementation, and evaluation. You'll work on your own elearning or instructor-led project throughout the course and learn just what you need to produce a highly effective end product.

**A series of 4 online sessions**

**Starts October 14, 2025**

#### ■ Mastering Generative AI for L&D: A Professional's Guide to AI-Enhanced Learning Design

Transform your L&D practice with cutting-edge AI tools and strategies. This interactive course combines practical skills development with strategic insights to help you harness the power of Generative AI in learning design. You will be able to apply what you learn between sessions to transform your L&D projects.

**A series of 3 online sessions**

**Starts October 10, 2025**

#### ■ Microlearning Design That Delivers Results

Explore examples of microlearning that range from videos and games to application exercises and learn what was involved in the planning and execution. You'll leave with your own microlearning lesson designed from scratch.

**A series of 4 online sessions**

**Starts October 1, 2025**

#### ■ Project Management for Learning Professionals: Reduce the Rework

Whether working on course development or new process design, this course will teach you a simple, minimal process with tools and techniques to get more done.

**A series of 4 online sessions**

**Starts November 11, 2025**

#### ■ Training Manager: Creating High Impact Training Departments for Organizational Success

This course is for training managers (with or without a staff). You'll learn to assess the alignment of training initiatives with organizational goals, manage budgets, and measure the return on expectations for key learning programs.

**A series of 4 online sessions**

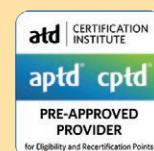

**Starts December 3, 2025**

#### ■ **NEW!** Virtual Presentations: Essentials for Training, Meetings, and Webinars

Whether you're designing learning experiences, facilitating workshops, or presenting to clients, this program is designed to help you command attention, foster connection, and achieve results.

**A series of 3 online sessions**

**Starts October 20, 2025**

Training Live + Online certificate courses are pre-approved by the ATD Certification Institute

## WEDNESDAY, OCTOBER 8

## • ROOM

### 12:00 PM – 1:00 PM LUNCH

Sponsored by **D2L**

• **St. Charles**

### 1:15 PM – 2:15 PM BREAKOUT SESSIONS

#### AMA06 **(A)** Ask Me Anything About ...

• **The District Foyer**

- **AI:** AI in L&D — Tamara Kocharova, CEO, Lanes
  - **AI:** Implementing the Right AI for Training and Coaching — Kali Sarim, Vice President of CX, SymTrain
  - **LDT:** AI and Creative Workflows — Nick Floro, Learning Architect Sealworks, Interactive Studios
  - **POD:** Podcasting — Matt Pierce, Learning & Video Ambassador, TechSmith
  - **GAM:** Gamification and Measurement — Artrell Williams, Founder, Mukeya Learning Partners; Christian Gossan, Director, Sharpen Advisory
- 601 **(F)** **Skill Renewal and Refresher Training for Front-Line Learners**, Liz Czerwinski, Instructional Designer, Ken Cook Co; Michael McLauchlan, Director of Technical Training, Haskell; Jeff Weaver, Learning Design Expert • **Fulton**
- 602 **(G)** **Deliver Better Sales Results Through Gamification**, Vaughan O'Leary, Senior Manager of Interactive Learning Apps Program, KPMG • **Jefferson**
- 603 **Battling the Forgetting Curve**, Phil Cowcill, Senior Elearning Specialist, PJ Rules • **Royal**
- 604 **Tech-Enhanced Project Management: A New Learning Objective**, Mirela Miresan, Program and Learning Director, Ecolab • **Commerce**
- 605 **Unlocking the Power of Generative AI in Learning Design**, Jeff DeSmet, Senior Learning Experience Designer, Harvard Business Publishing • **Canal**
- 606 **"Agents, Avatars, and Personas — Oh AI!" A Practical Guide to Digital Characters in Learning**, Margie Meacham, Founder, Learningtogo AI Academy • **Magazine**
- 607 **Knowledge Management Transformation With Generative AI**, Robyn Dietrich, Assistant Vice President of OD and Learning, and Lorene Meyer, Vice President of Organizational Strategy and Performance, West Community Credit Union • **Jackson**
- 608 **Leadership Skills in the Age of AI: Helping You Human Better**, Lindsay Bernhagen, Senior Learning Experience Designer, Tenor • **Camp**

### 2:30 PM – 3:30 PM BREAKOUT SESSIONS

- 701 **Designing and Managing Better Technical Training**, John Morley, Instructional Designer, ID for Hire • **Commerce**
- 702 **Digital Experts: Scaling Wisdom Through AI-Powered Mentorship**, Sharyn Outtrim, CMO, Praxis AI • **Fulton**
- 703 **Customer Education: Reduce Churn and Increase Adoption**, Katie Pezold, Enablement Program Manager, Robert Bunner, Enablement Program Manager, and Mattie Mayfield, LMS Admin, Celigo • **Canal**

- 704 **Rewiring Learning Experiences With Brain Science**, Tristin Sylvester, Lead Instructional Designer, Inventio Learning Designs • **Jackson**

- 705 **Beyond Multiple Choice: Use AI to Transform Your Knowledge Checks**, Christopher King, Principal Consultant, CRK Learning • **Magazine**

- 706 **Critical Thinking Skills for AI Prompt Creation**, Artrell Williams, Founder, Mukeya Learning Partners • **Royal**

- 707 **Blending Creativity With AI: Advanced Story Design for Learning**, Garima Gupta, CEO, Artha Learning • **Jefferson**

- 708 **Moving Right Along: Muppet Wisdom for Tech-Enhanced Learning**, Michelle Lentz, AI Strategist, innovate + elevate strategies • **Camp**

### 3:45 PM – 4:45 PM

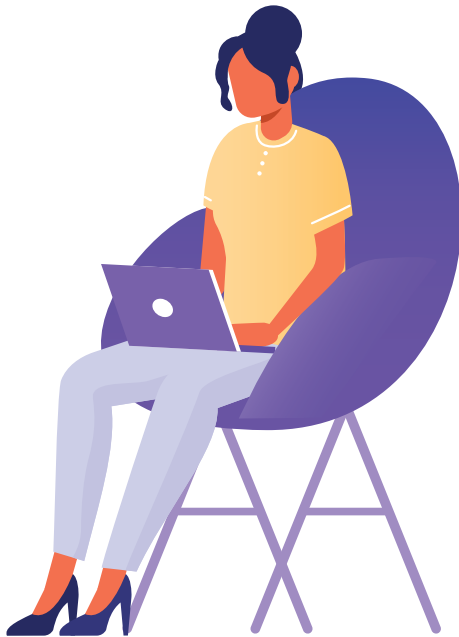

**CLOSING NETWORKING RECEPTION:**  
**Lagniappe With the Honey Island Swamp Trio**  
(see page 4 for details)

• **St. Charles**

**The social learning community  
for learning industry professionals.**
